### RENEWED SUBMISSION UNDER 37 CFR 1.42

Dear Sir:

This communication is in response to the Decision dated 10 December 2007 in the above-referenced proceeding. Applicant encloses a Declaration document identifying the entire inventive entity and executed on Peter Aust's behalf by his legal representative, Michael Aust, providing the information required by 37 CFR 1.497(b)(2). Applicant further encloses a newly executed Declaration by Michael Aust. Also enclosed is a copy of the PCT-Request Form ("Request") as originally filed for International Application No. PCT/EP2004/003858, of which the above-referenced proceeding is the National Phase Application. The top-right corner of the Request shows the European Patent Office's stamp assigned an International Application number and filing date. Field III of the Request sets forth the Inventor "Aust, Michael". Applicant believes that the misspelling of Michael Aust's name in the International Publication ("Michel Aust") was due to a misprinting error by the International Bureau.

In view of the foregoing enclosures, it is respectfully submitted that this application is ready for examination.

Dated: April 17, 2008

#### DECLARATION

As a below named inventor, I hereby declare that: my residence, post office address, and citizenship are as stated below next to my name. I believe I am the original, first, and sole inventor (if only one name is listed below) or a joint inventor (if plural inventors are listed below) of the subject matter which is claimed and for which a patent is sought on the invention entitled:

## METHOD FOR MONITORING AT LEAST TWO PEOPLE CARRYING AN EXTERNAL RESPIRATORY AIR SUPPLY

is described in the specification [ ] attached or [X] of patent Application Serial No. 10/553,136 filed October 14, 2005.

I hereby state that I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above; that I do not know and do not believe the same was ever known or used in the United States of America before my or our invention thereof, or patented or described in any printed publication in any country before my or our invention thereof or more than one year prior to this application; that the invention has not been patented or made the subject of an inventor's certificate issued before the date of this application in any country foreign to the United States of America on an application filed by me or my legal representative or assigns more than twelve months prior to this application; and that I acknowledge the duty to disclose information of which I am aware which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations § 1.56(a). Such information is material when it is not cumulative to information already of record or being made of record in the application, and

- (1) it establishes, by itself or in combination with other information, a prima facie case of unpatentability of a claim; or
- (2) it refutes, or is inconsistent with, a position the applicant has taken or may take in:
  - (i) opposing an argument of unpatentability relied on by the Office, or
  - (ii) asserting an argument of patentability

I hereby claim foreign priority benefits under Title 35, United States Code § 119 of any foreign application(s) for patent or inventor's certificates listed below and have also identified below any foreign application(s) having a filing date before that of the application(s) on which priority is claimed:
